

Invitation to Innovative Water Treatment Technology and Emerging Research Workshop

Dear colleagues and friends,

We are pleased to announce and warmly welcome you to joining the workshop sponsored by the AWWA NJ Research and Technology Transfer Committee. We will host this event in the Department of Civil and Environmental Engineering at NJIT. AWWA NJ Research and Technology Transfer Committee acts as a liaison with other national and State associations, foundations, academia and regulators for the exchange of information and project ideas. The mission is to disseminate pertinent research information to members, promote collaborations between New Jersey water utilities and universities, and develop a mechanism to solicit research needs of the Section and its membership (see details: <http://www.njawwa.org/page/RTTC>).

This workshop aims to bring water research faculty, industrial practitioners and experts together and establish connections or future collaborations. The host institution, NJIT, is a state university with comprehensive science and engineering programs and vibrant research activities related to water and wastewater treatment. As we move toward more stringent water quality requirements, it has become increasingly urgent that we produce higher volumes of clean water while utilizing less energy and capital expenditures. In this workshop, we invite faculty members of NJIT and other neighbor universities to share their cutting edge research and show their laboratory resources and research capabilities to the water industrial practitioners and decision makers.

The tentative agenda:

- | | |
|-------------------------------|--|
| 10:30 am: | Visitors arrive at NJIT (See parking instruction below) |
| 11:45 am -11:00 am: | Committee business meeting |
| 11:00 am-12:00 (or 12:30 pm): | Faculty member presentation begins (6-10 presentations are expected) |
| 12:00 pm or 12:30: | Luncheon and networking at the same conference room |
| 13:00 pm-14:00 pm: | NJIT laboratory tours |
| 14:00 pm: | Adjourn |

To better manage logistics, we require all participants to register in advance before **September 1, 2017**. Please follow this [link](https://goo.gl/forms/zNySlrYcC1tzl0W02) to complete your registration: <https://goo.gl/forms/zNySlrYcC1tzl0W02>. For any questions, please contact Wen Zhang (phone: 9735965520; Email: wzhang81@njit.edu)

When: 10:30 am-14:00 pm on September 14, 2017

Where: NJIT campus; the meeting room will be sent via email to workshop registrants.
